SUMMARY

I'm Prashant Bhanage. I'm a Backend Development enthusiast and a Java engineer focused on building real-world, production-ready systems. I'm currently diving deep into Backend Engineering, Spring Boot, REST API Development, and Database Design through hands-on projects that solve real problems.

TECHNICAL SKILLS

Languages:	Java, Python (basic), C/C++, SQL
Backend:	Spring Boot, Spring Security, RESTful API Development, JWT Authentication, MVC Architecture
Database:	MySQL, DBMS, SQL Queries, Database Design
Frontend Basics:	HTML, CSS, JavaScript
Tools & Platforms:	Git, GitHub, Linux, Postman, Docker
Core Concepts:	Server Architecture, Backend Logic Development, API Design, Authentication

EXPERIENCE

Intern at Syntechhub May 2024 - June 2024

Role: Backend Developer Intern

- Worked on backend development projects, API integration, database operations, and debugging.
- Gained hands-on experience with software development workflows while improving problem-solving and programming skills.

PROJECTS

DevCollab – Collaborative Developer Platform (GitHub)

Tech Stack: REST APIs, Spring Boot, Node.js, PostgreSQL, Docker, Postman API

- Developed a collaborative developer platform featuring real-time team communication and workspace management.
- Implemented code snippet sharing, task tracking, and an AI-powered coding assistant.

EDUCATION

Solapur University | Solapur, India 2023 - May 2026

Bachelor of Computer Applications; 8.62 GPA

HSC (Pune Board) | Pune, India 2021

Higher Secondary Certificate; 62.17%

ACHIEVEMENTS

- Leetcode:** Solved 100+ Questions
- Infosys Springboard:** Acquired expertise in procedural programming paradigms and associated logical concepts.
